## Antioch Voters Approve Grade School Tax Rise by 69-2 Vote Saturday

### Building Program Delayed Until 1948; Money Put Into Bonds

Antioch voters responded to the appeal of the grade school board for a one-tenth mill increase in taxes to take care of increased costs by a 69 to 2 favorable vote Saturday.

The voters approved a .91 per cent tax for general school purposes and this action will be certified to the county treasurer. It was estimated by the school authorities that on the basis of this year's shortage, \$6,500 more will be needed for the 1947-48 school year to prevent any deficit.

The board has decided to postpone its building program until next spring, when it is expected that bids will be let for the addition to the present building to take care of an auditorium, gymnasium and four classrooms.

The lack of a supreme court decision on the school consolidation measure, and the uncertainty of the Butler bills stymied any action this year, and the lateness of the decision on both made it necessary to carry the building program over to 1948.

The \$146,000 worth of school bonds have been sold and the money put in government bonds and deposited in the Federal Reserve bank at Chicago until such time as it will be needed.

It is probable that the grade school will have to use the high school auditorium next year as was done this year.

### Where is Liberty Street? Trustees Want To Know

Where is Liberty Street? Village trustees scratched their heads and studied maps to find a street by that name as a result of a request from the telephone company for permission to change poles on "Liberty street."

The trustees came to the conclusion that the company meant Williams st., but then perhaps the company knew what it was saying.

## A.T.H.S. Class of '47 Now Alumni Following Graduation Exercises

### Teachers Return Home or Enter College, Take Motor Trips

Seventy Antioch Township High school seniors are now members of the school alumni group by reason of graduation exercises last Thursday evening.

The commencement service was excellent in every respect. Lt. James C. Whittaker, of Eddie Rickenbacker's raft fame, gave an exceptionally interesting talk, relating his war experiences and applying the lessons he gained to those that the graduates are yet to experience. He was introduced by Prin. T. R. Birkhead.

Walter K. Hills, president of the school board, gave out the diplomas. The boys' chorus and the high school band furnished the music.

The plans of students are as yet indefinite, but several have already announced their intentions of taking college training.

The teachers living at a distance have returned to their homes and there are rumors that at least two will take marriage vows this summer.

#### Teachers on Vacation

Prin. T. R. Birkhead and his family will leave tomorrow on a three-weeks' motor trip which will take them to New Orleans and then to the Smokey mountains.

Miss Jeanette Darrow returned home to Sheldon, Ill.; Mrs. Ethel Quendenfeld will help her husband in the grocery store at Gurnee; Miss Narcissus Donovan returned to Cerro Gordo, Ill., and Miss Mae Hartley will be at home at Aledo, Ill.

Coach Maurice Krizan of Grass Lake will spend the summer supervising the high school athletic grounds and raising ducks and chickens.

E. W. Edwards, C. L. Kutli, Melvin Stillson, and Hans von Holwege are others who find their home in Antioch as nice a place to spend the summer as anywhere.

Miss Jean Krueger returned home to Genoa City, and announcement has been made that Miss Ramona Lubelko, Spanish teacher and librarian, will be Mrs. "Doc" Sheehan, living at Loon lake in late June.

Richard Payne has enrolled at Northwestern university for the summer term and Miss Theresa Wehr will enroll either at the University of Chicago or at Evansville college.

## Village Board to Meet On June 17 to Provide Estimates for Budget

Because of so much business on hand and needs for further action and discussion the village board of trustees adjourned Tuesday evening until Tuesday, June 17 when they will study the new budget item by item.

Attorney McGaughey explained procedures to new members of the board, showing that it is necessary to pass an ordinance providing for estimated expenditures and needed income for the year so that the tax estimates can be known by the county treasurer by Aug. 1.

The license committee made its report on the liquor license petition of Mrs. G. B. Blumh, but no action was taken.

Clete Vos was reappointed fire chief for another term.

A resolution transferring \$10,000 worth of water fund bonds to the building fund was passed.

## Antioch Legionnaires Open Softball Season With 3-1 Loss to Volo

### Richmond is Opponent To- Night and Round Lake Park Next Monday

The Antioch Legionnaires opened their softball season in the "Lakes Region league Monday against the toughest foe in the league, Volo, and went down to defeat 3 to 1.

It wasn't the fault of Dale Rockow, Antioch pitcher, who held the visitors to one hit and struck out six men. Four errors, due to the cold, accounted for the Volo scores.

In the preliminary Grayslake beat Richmond 10 to 2.

The Antioch team had as a starting lineup: Bower cf; Snyder, catcher; Bob Pichous rf; Thompson 1b; Rudy ss; Crawford 2b; Dick Pichous 3b; Scott lf, and Rockow p.

Tuesday evening Fox Lake beat Long Lake 4 to 2, and Round Lake Park beat Round Lake 12 to 2.

This evening a doubleheader at A. T. H. S. diamond will see Antioch playing Richmond and Volo playing Grayslake.

There are eight teams in the league, Antioch, Grayslake, Richmond, Round Lake Park, Round Lake, Fox Lake, Long Lake and Volo. Games scheduled for Round Lake will be played on the Antioch diamond until the Round Lake diamond is improved. It has been water soaked for some time.

There was a good crowd Monday despite the cold weather and the local team is anticipating a good season of entertainment for local fans. Three nights a week are being devoted here to league play for the present, Monday, Tuesday and Thursday.

Next Monday Antioch will play Round Lake Park and Grayslake will meet Fox Lake here. Long Lake will play Volo and Richmond against Round Lake on Tuesday evening.

## Barnstable-Brogan Shop Has Successful Opening

The combined women's and men's wear shop of Miss Mabel Brogan and Russell Barnstable opened Saturday with a big rush of business and a large crowd of visitors to inspect their stock.

The store during the morning was crowded and many persons stood on the front sidewalk for long periods waiting to get in. Carnations were presented to each visitor and other gifts were presented.

The shop has a nice selection of well known brands of goods and through the experience of the two owners a successful business has been launched.

## Merchants Did Thriving Business Last Saturday

Antioch's trade assumed large proportions Saturday with the main street and stores crowded.

Williams store reported one of its biggest days, and the dresses advertised in the Antioch News were all sold and 100 more with them, the manager said.

The new Barnstable-Brogan shop had an auspicious opening.

Despite cold weather people are coming to the lakes for their vacations in large numbers. This was evidenced by the crowds Sunday at all of the morning masses at St. Peter's church.

## \$32,000 Revenue Bond Issue Voted for Sewage Plant

### Village Board Seeks Money To Construct New Project This Summer

An ordinance calling for the issuance of \$32,000 worth of revenue bonds to finance the village's new sewage treatment plant was passed by the board Tuesday evening.

The bonds covering a 10-year period will draw 3 per cent interest and will be amortized from the earnings of the water and sewage department. A resolution was first adopted combining the water and sewage department forming a unit from which profits can be drawn in redeeming the bonds.

The plans and specifications for the proposed new sewage system as prepared by Architect David Miller of Great Lakes were then officially adopted.

The lengthy ordinance drawn up by the Phillips-White Co. of Chicago was then adopted and the way is now paved for seeking bids, awarding the contract and completing the job.

The ordinance provides that additional revenue bonds may be issued if more money is needed in the future.

"The sewage plant is the one thing we want to and must get done this year," said President George B. Bartlett.

Because the bonds will be paid off from revenues it will be unnecessary to place the matter before the voters in a referendum.

## Memorial Day Services Largely Attended and Impressive in Nature

Antioch paid its respects to the memory of its war dead last Friday in a way comparable to the days following the first World War in magnitude and interest.

Sponsored by the Veterans of Foreign Wars, the day's program included a fine parade and ceremonies at both the Antioch Township High school and the Antioch park.

The service at the high school grounds at 2 p. m. was a dedication of trees planted to the memory of the students who gave their lives in service and a plaque provided by the Future Farmers of America, an agricultural organization of the high school, supervised by C. L. Kutli.

The Rev. E. W. Strauss gave the dedicatory address and the service ended with a salute by the Waukegan Township ROTC firing squad and taps.

The parade from the school to the city park comprised color guards of the V. F. W. and massed colors of eight American Legion posts; the firing squad, drum and bugle corps, Gold Star mothers, Spanish American war veterans, Veterans of Foreign Wars, American Legion, A. T. H. S. band, V. F. W. and Legion auxiliaries, fire department of 36 members, Boy Scouts and Girl Scouts.

Roman Vos was in charge of the ceremony at the park, where Lt. Raymond W. Klein, USMC, Chicago, was the principal speaker. Gold Star mothers present honored by the occasion were Mrs. Mary Mann, who placed the memorial wreath on the monument, Mrs. Nellie Hanke, Mrs. Myra Randall, and Mrs. Florence Knickelbein.

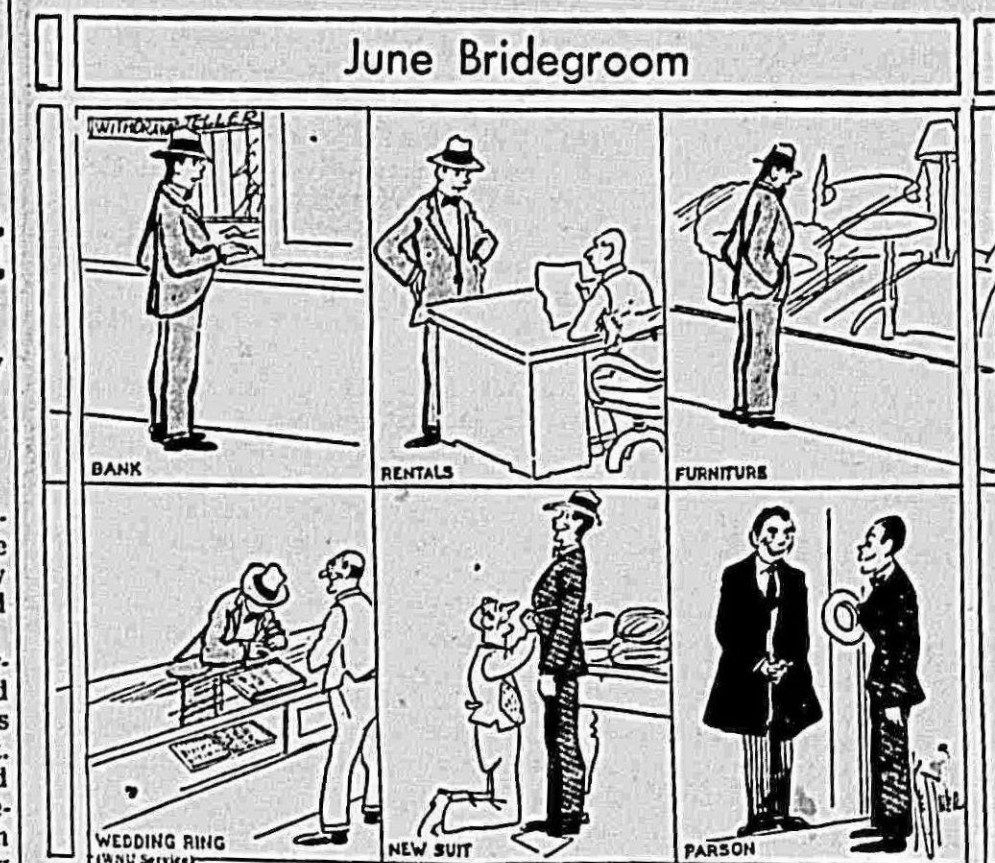

The Rev. W. C. Henslee of the Methodist church conducted the ceremony at the monument which included a selection from the A.T.H.S. band, and a salute from the firing squad.

Among those introduced during the program were Mayor George B. Bartlett, Robert Strang, commander of the V. F. W.; Mrs. Irving Flint, president of the V. F. W. auxiliary; Everett Hatfield, commander of the American Legion; and Mrs. Frank Kennedy, president of the Legion Auxiliary.

The invocation and benediction were given by Father Flaherty.

**Doris Mason Gets Gift**  
The mothers of Grass Lake school children presented their teacher, Miss Doris Mason an engraved pen and pencil set at their school picnic held at the school house May 28.

**Grass Lake Recital a Success**  
The pianoforte recital given by pupils of Karl F. Wiechman at Grass Lake school Sunday was a complete success.

## Parking Meters to Be Installed This Week; Ordinance Is Passed

Parking meters will be installed on Main st. from Park to Orchard sts. this weekend and by next week it is expected that the clocks will be ticking off the minutes while the pennies and nickels accumulate.

The street committee was given the power to decide the nature of the parking and it was expected that one side of the street will be used for 30-degree angle parking and the other side for parallel parking. This was to permit trucks to unload without blocking the street.

An ordinance was passed Tuesday evening providing for penalties up to \$100 for violations. It is probable that a parking violation will draw a 50 cent penalty with the amount increasing thereafter and damage to one of the meters can run as high as \$100.

The meters are supplied by the Duncan Meter Corp. which will receive its money on the share plan.

The next few days will see merchants and apartment dwellers on Main st. seeking other parking places and Main st. will be more accessible to the visiting customers.

## Antioch Future Farmers And Chapter Honored

Antioch's Future Farmer chapter was selected as the first place chapter of Section Three, which comprises the Northeastern district of Illinois. The selection was made by the State Future Farmer committee and the honor conferred upon the Antioch chapter at the State Future Farmer convention this week at the University of Illinois.

**Two Receive State Farmer Honors**

Kennedy Heuer, president of the Antioch Youth group and Warren Wells, secretary, were honored at the state convention when the State Farmer degree was conferred upon them. To be eligible for this honor members must have held the Chapter degree for at least one year, be in the upper 40 per cent of their class in scholarship, and possess at least \$200 in cash or investment earned from their farm projects. Heuer did outstanding work in poultry production while Wells majored in both poultry and sheep husbandry. They received gold State Future Farmer pins.

Heuer and Wells also represented the Antioch chapter as voting delegates at the nineteenth annual State Future Farmer convention.

**Harris in State Band**  
Carlyle Harris, a sophomore member of the Antioch chapter and the only one from this part of Illinois to be selected for the sixty-five piece Future Farmer band, under the direction of Maurice Russell of the Newton Community High school, and consisting of 65 F. F. A. boys from all over the state of Illinois, appeared during five concerts during the course of the convention.

The Antioch delegation was accompanied by C. L. Kutli, vocational agriculture instructor of the Antioch High school and chapter advisor.

## Antioch F. F. A. Youth Wins In National Contest

Word was recently received from John Holmes, president of Swift and company, that George Miller, a sophomore in the Vocational Agriculture department of Antioch Township High school, was one of the winners in the national Swift essay contest sponsored annually by that company. Miller wrote on the subject of "Advantages of Large Scale Operations in the Meat Packing Industry." He received a check for ten dollars as his award.

## Rescue Squad Recovers One of 2 Boys Drowned in Deep Lake Catherine

### Kenneth Krueger and June Spangard Help Save Boys' Fathers

Antioch's rescue squad on Monday evening recovered the body of 9-year-old Robert Markiewicz, one of two Chicago boys drowned Thursday in the icy waters of Lake Catherine. The body of the other boy, Jerry Broniarczyk, aged 16, was recovered three hours previously by a Chicago diver, John Carroll.

Both boys drowned in 62 feet of water in the center of the lake when the boat in which they and their fathers were fishing was overturned by a large wave. The men were saved.

Jerry, a resident of 5332 N. Luna Ave., Chicago, was a pupil at St. Ignatius High school in that city. An enterprising youth, he had placed an advertisement in the Antioch News seeking employment on a farm for the summer. Robert, living at 8635 Justine st., was his cousin.

#### Sons of Chicago Doctors

The two boys with their fathers, Dr. S. S. Markiewicz, a physician, and Dr. Stanley Broniarczyk, a dentist, put out from the Markiewicz cottage on a fishing cruise about 4:45 p. m. in a long narrow boat powered by an outboard motor.

Dr. Markiewicz said that suddenly a high wave swamped the boat, but that it settled to a water level and they all kept afloat for several minutes by gripping its sides, cheered by the sight of a sailboat coming toward them. It was manned by Kenneth Krueger, son of Mr. and Mrs. H. J. Krueger of Antioch, and carried also Eugene Ratay, 19, of 2836 Cermak ave., Chicago, and two Lake Forest college co-eds, one of them June Spangard of Antioch.

Krueger said the younger boy evidently lost his hold and the older one went to his rescue and was pulled down by his cousin's tight grip.

#### Onsrud Aid Survivors

Also hearing the cries of the imperiled men and boys, were members of the R. F. Onsrud family who are living in their summer home next to the home of C. K. Anderson, of Antioch. The daughter, Catherine, called her father and brother, Charles. The boy sped for the scene in his motorboat, arriving just after Krueger had taken one of the two doctors in his sailboat, and proceeded to take the other doctor into his motorboat. Later both men were placed in his boat and taken to the Onsrud cottage, where according to the Onsruuds, they were given coffee, and dry clothing.

The Antioch rescue squad was called immediately and although they patrolled the area almost continuously thereafter, the boys were not found until Monday.

#### Diver Finds One Boy

Carroll, the diver, who arrived on the scene Saturday, had been unsuccessful in his efforts over Sunday. Monday afternoon he went down to the lake bottom, but found mud three feet thick and the waters so muddy that he could not see his way about and was in the act of signalling to be pulled up when one of his ropes caught on an object. It was the body of Jerry Broniarczyk.

The diver considered it a matter of luck that he found the younger boy and would not attempt another descent at the time because of the mud.

The rescue squad, all members on duty, according to Capt. Herman Holbek, began its patrol work with grappling hooks at 7 p. m. and within 20 minutes had the fortune of finding the body of the Markiewicz boy. The boy's uncle, Victor Markiewicz, a Lemont, Ill. undertaker, was on shore at the time and took charge of the body.

Because of the coldness of the water both bodies were in good state of preservation. They were taken to Chicago for burial.

## Miss Frances Zimmerman To Be Graduate Nurse

Miss Frances Zimmerman, daughter of Dr. and Mrs. L. John Zimmerman, will be in the graduating class of nurses from the University hospital in Chicago whose commencement exercises will be held June 13 at the First Baptist church, Washington St. and Walcott ave., Chicago.

Baccalaureate service will be held Sunday at the same church.

Miss Zimmerman has been in training at St. John's hospital, Springfield, Ill., and will complete her three-year course at the University hospital in September.

## Mrs. Bessie Hillebrand Dies in Jacksonville; Funeral Held Yesterday

Mrs. Bessie Hillebrand, aged 73, a former resident of Antioch died Monday in Jacksonville, Fla., and the funeral was held there yesterday. She was the mother of Mrs. Herman Rosling.

Mrs. Hillebrand had been ill for several months at her home in Jacksonville, having suffered a stroke last Nov. 21. At the time of her husband's death last Dec. 10, she was quite ill and the news of her husband's death was not told to her for a while for fear the shock would be too great.

A native of Galesburg, Mrs. Hillebrand, formerly Bessie Garrett, married William Hillebrand in Peoria and they lived in Antioch 27 years while he operated a general store. He retired several years ago and sought to conserve his health in a warmer climate. Besides the daughter, Mrs. Martha Rosling, another daughter, Mrs. Louise Taylor of Jacksonville, survives.

#### Antioch Aces to Meet

The Antioch Aces will hold their next meeting Tuesday at the home of Mrs. Myrus J. Nelson, 1054 Victoria st. They met last Tuesday at the high school and cut out garments. Margie Haling gave a talk on "All About Shoes," and Nancy Sheehan spoke on "Accidents."

## Economic Highlights

It will certainly not come as a shock to newspaper readers to be told that the great postwar spending boom is but a shadow of its former lusty self. It has tapered off in almost all lines, and in some fields it has practically come to a halt. Many of the present speculations of economists deal with the question of whether we are approaching a depression or a recession—the latter being, of course, a sort of midsize depression. Opinion on this runs the whole gamut, from the optimists who think business and employment will hold at high levels, after certain "corrective readjustments" are made, to the pessimists who forecast darkly that what is coming will make the '30s look like giddy prosperity.

Regardless of the guesswork, some of the economic facts of the time are worthy of sober thought. One of the best summings-up recently appeared in the Wall Street Journal, under the by-line of a staff correspondent, Vermont Royster.

Mr. Royster, whose sources are largely governmental, starts out by observing that "the nation's families are going back to the old American custom of living off next week's pay-check." What this means is that the cash buyer, whose name was legion during and immediately after the war, is becoming harder and harder to find. During 1946, consumer credit increased by \$2,400,000,000. In March of this year installment credit alone jumped \$70,000,000 and was 65 per cent higher than in the same month in 1945. In other words, the American family is returning to the little down and a long time to pay system of buying what it wants.

As is to be expected under these conditions, savings are dwindling. According to Mr. Royster, nearly half of the \$25 government bonds purchased in 1945 had been redeemed a year later, and the rate seems to be increasing. And where, in 1945, the nation's families were saving nearly 24 per cent of their income, the rate has slipped down to 10 per cent—about where it was in 1940. It is highly significant that this has occurred in spite of wage increases for most workers, and indicates just how tough the rise in the cost of living has been on the typical family.

The volume of business is showing signs of suffering from these trends. As is to be expected, businesses of the luxury character have been hit hardest so far. A long time ago the night clubs and the taverns began to feel a pinch. Amusement enterprises have been subjected to the bleak wind of declining patronage. And now semi-luxuries are facing a steady drop in purchasing.

In more staple lines, business is still good, but there are clouds on the horizon. Production is rapidly making up the backlog in the majority of lines, and has more than caught up in some. Retailers are buying much more carefully than in the past. Inventories are growing rapidly in both wholesale warehouses and on the shelves of stores. Once hard-to-get items—men's shirts and nylon stockings are good examples—are now in almost super-abundance.

Mr. Royster says that "the building boom,

counted on to take up the reconversion slack, has failed to live up to expectations." This was one of the great fiascos of the postwar economy. The experts confidently figured that millions of homes and other residential units, to say nothing of a vast amount of industrial construction, would be needed. It may still be needed—but people just won't pay the current prices if there is any way to avoid it. Many a returning veteran who thought in terms of the kind of home you could buy in 1940 for eight or ten thousand dollars found that an equivalent home cost twice that and often more. His GI loan wasn't sufficient to finance the kind of house he had pictured in his mind's eye, and his income wasn't enough to make the monthly amortization payments. So, if he could find any kind of a place to live, he didn't build or buy. Trouble ahead is forecast for ambitious residential subdivisions where the costs of the houses and other developments outran the estimates by an incredible amount. On top of that, many people, including GIs, who did buy on small down payments, have given up and are letting the properties go. They simply can't afford to pay for and maintain them.

Mr. Royster says the unemployed now total 2,400,000 people. The trend is up—though not alarmingly so as yet. The Bureau of Labor Statistics now concedes that the number of workers gainfully employed this summer will be below earlier predictions. This is inevitable in the light of conditions.

Some producers, such as the motor-car companies, still have big backlogs of orders, and sales are no problem. But that doesn't mean that everything is rosy. Manufacturers and dealers are definitely worried as to what will happen once the backlog is wiped out. Many a prospective buyer has shaken his head at sight of the price tags on the new cars. Thousands upon thousands of orders have been cancelled.

What it all adds up to is that the basic cost of just plain living is absorbing most of the average family's income, and it has less and less left for other things. That is the growing problem we have not yet been able to solve.

## The Low Down From Hickory Grove

Today I am on "Free Enterprise." But anybody is all wet if he jumps at any conclusion that "free" means you are to get something for nothing, like maybe where the Gov't ladles out so much per acre for not raising potatoes. And before expounding further, you know, sometimes when I ponder the "free" subject, she seems it would pay us citizens to hire ourselves a good phrenologist and have him run his fingers over Uncle Sam's dome. The Old Boy has kinda gone single-track. His urge to give stuff away, it is getting world-wide—and not just local.

But back to free enterprise, some folks have gassed about it as if it was some kind of poison for the little fellow. But from my search, I deduced that when everybody—black, bronze, and white—gets a square look at it, our gripes will vanish, like when the fresh air blows in and clears up the fog there in Puget Sound, where, for a while, I hung out.

You pick out an item like, say, gasoline—everybody uses gasoline. Where would we be if each person had to make his own—if folks were not allowed to get together, pool their money, hire anybody they want for manager, drill an oil well, build a refinery, employ people. The right to do all these things—to work your ownself or let your spare change work for you—that is "free enterprise."

Yours with the low down,  
JO SERRA

## LEGAL NOTICE Ordinance

AN ORDINANCE RELATING TO TRAFFIC AND REGULATING THE USE OF PUBLIC STREETS IN THE VILLAGE OF ANTIOCH; PRESCRIBING REGULATIONS RELATIVE TO THE PARKING OF VEHICLES UPON SUCH STREETS; PROVIDING FOR PURCHASE, LEASING, ACQUIRING, INSTALLATION, OPERATION, MAINTENANCE, SUPERVISION, REGULATION AND CONTROL OF THE USE OF PARKING METERS AND PROVIDING THEREOF; DEFINING AND PROVIDING FOR THE ESTABLISHMENT OF PARKING METER ZONES UPON THE PUBLIC STREETS AND FOR AN ENFORCEMENT THEREOF AND PROVIDING PENALTIES FOR THE VIOLATION THEREOF.

WHEREAS, because of the location of streets, the volume of traffic and limited areas for parking, serious traffic conditions have prevailed in the Village of Antioch and free movement of traffic is, and has been, impeded for some time in the main section of the Village; and

WHEREAS, attempts to regulate the traffic and parking in the aforesaid areas have not been a solution to said problem;

NOW, THEREFORE, BE IT ORDAINED by the President and Board of Trustees of the Village of Antioch, Lake County, State of Illinois:

SECTION 1. DEFINITIONS: Whenever in this ordinance the following terms are used, they shall have the meaning respectively ascribed to them in this section:

STREET. Every way set apart for public travel, except alleyways, bridge paths and foot paths.

ROADWAY. That portion of a street between the regularly established curb lines.

SIDEWALK. That portion of a street between the curb lines and the adjacent property lines.

VEHICLE. Any device by which any person or property may be transported upon a public highway, except those operated upon rails and permanent tracks.

PARKING METERS. A mechanical device located upon a public street or sidewalk in a place regularly designated as a parking zone as hereinafter defined, which device shall record a certain number of minutes by the use of a clock mechanism determining the period of time for which parking privileges may be extended to the person so depositing a coin.

PARKING METER ZONE. A certain designated and marked off section of the public street within the marked boundaries where the vehicle may be temporarily parked and allowed to remain for such period of time as the parking meter attached thereto may indicate.

SECTION 2. Parking meter zones as herein above described, are hereby created on the following streets in the Village of Antioch: Main Street, between Park Avenue and Orchard Street; and from time to time hereafter as traffic conditions require on such streets and avenues and other streets and locations as provided by resolution of the Board of Trustees of the Village of Antioch for the location of such zones.

SECTION 3. And in said parking meter zones the Board of Trustees shall cause parking meters to be installed in such numbers and at such places as in their judgment may be necessary to the regulation, control, and inspection of the parking of vehicles therein, including the reservation of loading zones for commercial vehicles and shall cause parking meter spaces to be designated as hereinafter provided. The Board of Trustees shall fix the time limitations for legal parking in such zones and the hours during the day when the parking meter or meters must be used and when the time limitations shall be effective, in compliance with the provisions of this ordinance, and shall indicate the time limitations by designating the same on the parking meter or meters or by appropriate signs posted in proximity to said meter or meters in said zone.

SECTION 4. The President and Village Clerk of said Village is hereby authorized to carry out the terms of any contracts heretofore or hereafter entered into by the Board of Trustees of said Village for the purchase, leasing, acquiring, installation, operation, maintenance, supervision, regulation, and use of the parking meters provided for in this ordinance, whether for trial period or otherwise. The payment for such parking meters and installation to be provided for solely from the receipts, funds and revenues obtained from the operation of said parking meters without in any manner obligating the Village to pay for the same from any other source.

SECTION 5. The parking meters installed in the parking meter zones as established and provided for in Section 2 hereof, shall be placed upon the curb immediately adjacent to the individual parking places hereinafter described. Each parking meter shall be placed or set in such manner as to show or display by a signal that the parking space adjacent to such meter is or is not legally in use. Each parking meter installed shall indicate by a proper legend the legal parking time established by the

Village and when operated shall indicate on and by its dial and pointer the duration of the period of legal parking and on the expiration of such periods, shall indicate illegal or over parking.

SECTION 6. The Superintendent of Streets shall have markings painted or placed upon the curb and / or upon the street adjacent to each parking meter for the purpose of designating the parking space for which said meter is to be used and each vehicle parking adjacent or next to any parking meter shall park within the lines or markings so established. It shall be unlawful and a violation of this ordinance to park any vehicle across any such line or marking or to park said vehicle in such position that the same shall not be entirely within the area so designated by such lines or markings.

SECTION 7. When any vehicle shall be parked in any space adjacent to which a parking meter is located in accordance with the provisions of this ordinance, the operator of said vehicle shall, upon entering the said parking space, immediately deposit or cause to be deposited a one or five cent coin of the United States, in such parking meter, and put such meter in operation, and failure to deposit such coin and put the meter in operation shall constitute a violation of this ordinance and shall subject such person to the penalty prescribed hereinafter.

SECTION 8. Upon placing such meter in operation as aforesaid the parking space may be lawfully occupied by such vehicle for a period of twelve (12) consecutive minutes for each one cent coin of the United States deposited therein up to one hundred twenty (120) minutes, or for a period of sixty (60) consecutive minutes for each five cent coin of the United States deposited therein up to one hundred twenty (120) minutes and payment of the aforesaid amounts for the above periods shall be made for parking in the areas set forth hereinabove. If any such vehicle shall remain parked in any such parking space beyond the parking time limit as fixed by the coin or coins deposited in such meter for such parking space, the parking meter shall by its dial and pointer indicate such illegal parking and in that event, such vehicle shall be considered parked overtime and beyond the period of legal parking time and shall constitute a violation of this ordinance and the owner or operator thereof shall be punished as hereinafter set out.

SECTION 9. It shall be unlawful and a violation of the provisions of this ordinance for any person to deface, injure, tamper with, open or wilfully break, destroy, or impair the usefulness of any parking meter installed under the provisions of this ordinance.

SECTION 10. It shall be unlawful and a violation of the provisions of this ordinance to deposit or cause to

be deposited in any parking meter, any slug, device or metallic substitute, or any other substitute for a one cent or five cent coin of the United States.

SECTION 11. It shall be the duty of the Police Officers of the Village, acting in accordance with instructions issued by the Chief of Police, to report:

(a) The number of each parking meter which indicates that the vehicle occupying the parking space adjacent to such parking meter is or has been parking in violation of any of the provisions of this ordinance.

(b) The State license number of such vehicle.

(c) The time such vehicle is parking in violation of any of the provisions of this ordinance.

(d) Any other facts, or knowledge of which is necessary to a thorough understanding of the circumstances attending such violation.

Each such police officer shall also attach to such vehicle a notice to the owner or operator thereof that such vehicle has been parked in violation of a provision of this ordinance and instructing such owner or operator to report to the Police Station of the Village of Antioch, in regard to such violation. Each such owner or operator, may, within 24 hours of the time when such notice was attached to such vehicle pay to the Desk Sergeant at the Police Station as a penalty for and in full satisfaction of such violation, the sum of Fifty cents. The failure of such owner or operator to make such payment within 24 hours, shall render such owner or operator subject to the penalties hereinafter provided, for the violation of the provisions of this ordinance.

SECTION 12. Any person who shall violate any of the provisions of this ordinance, and any person who aids, abets, or assists therein, shall, upon conviction thereof (by the Police Court) be subject to a fine of not to exceed more than One Hundred Dollars (\$100.00) for each offense or violation.

SECTION 13. The coins required to be deposited in parking meters as provided herein are hereby levied and assessed as fees to provide for the proper regulation and control of traffic upon the public streets, and also the cost of supervision and regulation of the parking of vehicles in the parking meter zones created hereby, and to cover the cost of the purchasing, leasing, acquiring, installation, operation, maintenance, supervision, regulation and control of the parking meters described herein.

SECTION 14. The Board of Trustees shall designate such collectors and methods as are necessary to properly collect all coins deposited in the meter boxes. Such collectors shall be only such employees as are now or hereafter duly bonded in the sum of not less than One Thousand Dollars (\$1,000.00) for the faithful performance of their duties. All money

so collected shall be deposited with the collector of the Village, provided, however, a separate fund (or accounting) shall be maintained at all times of such money so deposited.

SECTION 15. All penalty fees collected by the Police Department of the Village of Antioch shall be deposited with the collector of said Village and credited to the Corporate fund.

SECTION 16. This ordinance shall be deemed to be in addition and supplementary to and not in conflict with nor a repeal of prior or existing ordinances of this Village, but shall be an additional provision for the regulation of traffic and parking in those zones provided for herein.

SECTION 17. If a section, part of section, sentence, clause or phrase of this ordinance shall be held to be unconstitutional or invalid, the remaining provisions hereof shall nevertheless remain in full force and effect.

SECTION 18. This ordinance shall be in full force and effect from and after its passage, approval, and publication, as provided by law. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

PASSED AND ADOPTED by the

Governing Body of said Village, this 3rd day of June, 1947.

George B. Bartlett,  
President

Guest Speaker at Millburn

The Reverend Frederick Holley of Lowton, England, will be guest speaker at the Millburn church Sunday morning. Mr. Holley attended Lancashire Independent college in Manchester, England, where he received his B. D. degree last summer. Mr. Holley is greatly interested in youth work and is in America to get help in plans for youth work in England. During the war until 1944 he worked under the Ministry of Labor and National Service at Manchester, attending Seminary part time. In 1944, because of his special ability, he was permitted by the Ministry of Labor to enter seminary full time to complete his training. He is at present studying at the Chicago Theological Seminary as a World Church Fellow.

YESSIR! THAT'S ONE OF THE  
REASONS I'M GRADE A

"Balanced feeding, clean cows and clean equipment are essential to the production of high quality milk, but there's more to it than that—to keep quality up, you've got to keep the bacteria count way down... just like the boss-man is doing here with his drop-in Electric Milk Cooler."

Keep talking, Mabel...what's the pay-off?

"Pay-off?—plenty! Extra money—top prices—for higher quality milk. Not one can of rejected milk. Better flavor and odor. Dollars saved in cooling costs. Sanitary, time-saving milk handling. Dependable, mechanical refrigeration that provides controlled, uniform temperatures from top to

bottom of the milk cans."

We're convinced...what's the next step?

A trip to your local dealer, of course, to look over the Electric Milk Coolers. They're available... and there's one sized to your herd and fitted to your purse. The peak milk production season is just a step away, so plan now to pocket more profits by marketing more top quality milk. An Electric Milk Cooler will help you do it economically... efficiently!

## Howard R. Atwood to be Graduated at Princeton

Howard Russell Atwood, son of Mr. and Mrs. Charles A. Atwood of Channel Lake, will be graduated from Princeton University at Commencement exercises to be held on Monday, June 9. He will receive the degree of bachelor of science in mechanical engineering.

During the recent war Atwood attended Princeton University under the U. S. Navy V-12 Training Program. After being discharged from the Navy in June 1946, he returned there to complete his undergraduate work.

Atwood attended Worcester Polytechnic Institute, Worcester, Mass., and Stevens Institute of Technology, Hoboken, New Jersey before being transferred to Princeton. He is a graduate of Antioch Township High School class of 1942.

## Village Attorney Goes To Meeting of Lawyers

George S. McGaughey, village attorney, left the board meeting early Tuesday evening explaining that he was leaving the following morning for Cairo, Ill. to attend the Illinois State Bar association meeting. He expects to return to Gurnee tomorrow by airplane in time for his daughter's graduation exercises.

McGaughey is slated to be elected as one of the seven directors of the association. He was asked to bear greetings of Mayor George Bartlett to the mayor of Cairo.
